Dear A+ Eligible Student:

It is with disappointment that the OHS Alumni Association finds it necessary to discontinue funding A+ Scholarships for years three and four of your college education, effective February 16, 2013. No requests for those awards that were in effect for many years will be honored, by action of the Board of Directors.

In our mission to stay true to our roots and the wishes of the founders of OHSAA, we must be fiscally responsible with the contributions, donations, gifts and endowments made to our Association. Due to continued economic instability, we must do what all individuals and companies consider when income/revenues decline -- we must reduce our expenditures.

With sincere apologies,

Dr. Cathy Lahmeyer
President
OHS Alumni Association
